

Membership

What we offer:

Tailored Organisational Support - including training needs and HR assessments; services development and re-modelling specific to the supported housing and homelessness sectors; support in responding to commissioning opportunities.

Partnership Development including facilitation of consortium applications, coordinating strategic responses to service reviews plus secretariat services for local and sub-regional forums.

A workforce Development programme delivered through a consortium of associates and covering a range of workforce developments issues.

We offer in-house training and access to:

- A structured workforce and organisational assessment service.
- In-house training across a range of relevant topics.
- "hot" topic courses to cover issues in the sector i.e Outcomes and Service User Engagement, the resettlement of ex-offenders, benefits and welfare reforms and Personalising services.
- Modular training for frontline staff on i.e working with service users with chaotic lifestyles and multiple needs, Managing Aggression and Violence, successful Key Working.
- Experiential level training that provides individuals within organisation and organisations themselves with sustainable support processes and an ethos conducive to working with marginalised and disadvantaged individuals.

A specialist knowledge and advocacy service that seeks to shape the commissioning of a range of supported housing and related services.

A research and policy facility promoting evidence based and progressive approaches to delivering services.
